**Department/Program:** _____

**Submitted by:** _____

*The Course Evaluations Report should be completed by the Department Chair or Program Coordinator. The report serves as a record of the annual department/program course evaluations of student learning, discussion, and any actions the department/program will take in the future, and may be read by members of the Provost's Office, the President, the Academic Assessment Committee, internal or external review teams, and visiting accreditation review teams.*

*Guidelines for course evaluations can be found in this memo.*

**DUE October 4, 2027.**

1. What 3-5 questions did your department/program decide to focus on for the course evaluation part of the assessment process?

2. Briefly (1-2 sentences), how did your department/program implement course evaluations (e.g., Moodle, EvaluationKit)? How did the chair/coordinator engage faculty members in discussion about course evaluations (e.g., one-on-one meetings, departmental discussion)?

3. What themes emerged from your course evaluations?

4. Did you run into any issues or problems that you would like the Academic Assessment Committee to consider moving forward? [NOTE: This is particularly helpful as the AcadAC reconsiders our policy on course evaluations.]

5. Our current process requires "... that each faculty member distribute end of-semester course evaluations in at least one course per year." Approximately what percentage of your faculty were able to conduct at least one course evaluation in 2026-27?
