WORKSHOP INFORMATION
NAVAJO LANGUAGE ACADEMY, INC.
2014 Summer Workshop
Navajo Technical University, Crownpoint, NM
July 7 – 25, 2014

2014 Summer Courses

• NAV 620 The Navajo Verb System (An Introduction): Michele Kiser
• NAV 501 Navajo Linguistics & Theories: Ted Fernald & Staff

The newly formed Navajo Technical University will provide credits for the 2 courses. **Students are responsible for taking care of registration and fees for NTU. NTU and NLA staff will be available at the beginning of the workshop to answer questions about receiving credit for the courses and to help with the registration paperwork.**

Our courses are intensive, condensed into a three-week period and they will be three hours long this time due to contact hours needed for each course.

We recommend that participants attend the workshop for the entire three weeks.

In addition to the regularly scheduled classes, there might be other activities from time to time (if time permits) such as guest lectures, group discussions, and field trips. Lectures and discussions will focus on topics relevant to language teaching and linguistic theory. Guest lecturer may include institute participants, researchers from the University, and others specializing in the Navajo language and/or education.

**Limited Space**
Because classroom space is limited, we will only accept a very limited number of students.

**Workshop Costs**

- Tuition and Materials: **$350** for 3 weeks
- Housing/Dorm Room: $25/night ($450 - 18 nights)
- Meals: $21 a day ($315 - 15 days)

Total cost (not including meals): **$800** (based on 19 days)

*Please note: the cost of housing goes to NTU; the cost of meals will be at your own expense.

**Housing**
Students will share rooms with other participants. The dormitory rooms have 2 beds, a small microwave and an apartment-sized fridge. Check in time is July 6, 2014 after 1:00 pm.

Bedding and towels are NOT available from NTU so bring your own. Also, bring a pillow and a light blanket. It is possible to do your own cooking but not allowed in the dorm rooms. A 4-cup or a single cup coffee maker is ok.

Please specify on registration form if you prefer a particular roommate. Everyone will have a roommate.

**Meals**
There is a microwave and small fridge in each dormitory room. The Student Cafeteria is available for eating. NTU has a very good culinary program thus students in that program prepare meals. We suggest 2 meals a day for participants.

**Parking**
There is no Parking fee and you can park preferably in front of the dormitory.

**Financial Assistance**
We offer financial assistance to those who need it and are not on salary during the workshop. This assistance can include help with the cost of housing and a tuition waiver. Please indicate on the registration form if you need help.
