2015-2016 On Campus Recruiting Employers

On-Campus Recruiting and Tri-College on-campus Recruiting
Many employers come to campus for recruiting through interview days and information sessions, while others will post opportunities through our online database called SwatCareers. Additionally, we are able to collaborate with Haverford and Bryn Mawr Colleges through a Tri-College recruiting initiative that allows employers to recruit from all three campuses in one visit.

Here is a list of those employers who participated in on-campus recruiting this year:
