Visiting Assistant Professor – Statistics

The Department of Mathematics and Statistics at Swarthmore College invites applications for two 2-year Visiting Assistant Professor positions in Statistics beginning Fall 2016. Swarthmore currently has four full-time statisticians, two of whom will be on leave in each of these years.

Swarthmore College is a highly selective liberal arts college, located in the suburbs of Philadelphia, whose mission combines academic rigor with social responsibility. Swarthmore has a strong institutional commitment to inclusive excellence through diversity in its educational program and employment practices. The College actively seeks and welcomes applications from candidates with exceptional qualifications, particularly those with demonstrable commitments to a more inclusive society and world.

Applications should include a cover letter that addresses how the applicant’s teaching and scholarship could thrive in and positively influence an undergraduate-only institution. Applications should also include a curriculum vitae, research statement, teaching statement, and three letters of recommendation, including at least one specifically commenting on teaching.

Applicants should have a Ph.D. in statistics and a record of excellence in both scholarship and undergraduate teaching, including experience teaching introductory statistics courses. The teaching load is three sections of courses in one semester and two sections in the other; it is often possible to teach multiple sections of the same course in a given semester.

Please submit all application materials to http://www.mathjobs.org. Only if this is not possible, send the materials to Math Search Committee, Department of Mathematics and Statistics, Swarthmore College, 500 College Ave, Swarthmore, PA 19081-1390. Inquiries about the position may be sent to statsearch@swarthmore.edu, which will be checked every few days throughout the search. Applications that are complete by December 1, 2015 will receive full consideration.
