**SENIOR HONORS PROGRAM**

Students: List your complete program on this form and consult with your major and minor departmental advisors about your preparations during the first month of classes of your Senior Year. Your departments must sign approval of your Program. You are then responsible for returning your approved Honors form to Lesa Shieber, Associate Registrar in the Registrar’s Office, by Friday, September 27, 2013. You, along with your departments, will receive a confirmation copy of your final Program.

**You are responsible for correcting errors and making any changes to your Program,** once again getting the appropriate signatures of departmental approval, and submitting the changes to the Associate Registrar. Copies of all updated forms will be sent to you and pertinent departments. You are responsible for initiating any desired re-application in cases of deferral or rejection.

See Note at bottom for self-designed Special Majors.
