

Swarthmore College Student Health Portal

Swarthmore College Student Health Portal is available for managing your on-campus health needs and forms. You can access your Student Health Portal through your mySwarthmore account. From this portal you can securely access New Student Health forms, manage your immunization data as well as secure message health care providers.

Visit your mySwarthmore account today and select Worth Health Center then select Student Health Portal to access your information.

- Upload your immunization records
- Print health center visit statements
- Update your health insurance information
- Receive secure messages regarding your care
