The faculty regulation on CR/NC grading provides that the only grades recorded for first year students in their first semester shall be CR/NC. During the balance of the undergraduate years students may exercise the CR/NC option as many as four additional times. For any course, this CR/NC option is available only if formally requested within the first 9 weeks of the semester, not later. Return this form to the Registrar’s Office by 4:00 pm, March 27, 2015. A grade of CR/NC won’t change the divisional status (NSEP, W etc.) of the class. A grade of CR/NC may change major/minor applicability, check with the major/minor department chair. An evaluation of the course may be offered by the instructor and may be either a letter-grade equivalent or a comment. Such evaluations are not a part of the student’s official grade record and will not be uncovered by Swarthmore College.

- Repeated courses may not be taken with CR/NC.
- Juniors and Seniors must earn a straight C or better in the course to get CR (C- (minus) is not enough).
- Freshmen and Sophomores must earn a straight D (D- (minus) is not enough).
- Most majors prohibit CR/NC’s from counting toward the major, so you should not take courses in your major CR/NC. Please check with your major dept.
- This form must be completed even though you may have thought you already indicated this elsewhere.
- CR/NC are not reversed after the submission deadline.
