Elihu Burritt to Mr. John Stetson

Worcester [Massachusetts],
Nov 28 1849

My Dear Sir,

I find that I have put down no date in my memorandum for the lecture which I engaged to deliver before your association. I am not sure that an evening was fixed upon; but [if] that was the case, may I trouble you to give me the date specified. I am now making my arrangements for the winter, and should like to have them square with my engagement with you.

Truly Yours,

Elihu Burritt

Mr. John Stetson
