

LOS Expression of Interest Form

Welcome. We commend your desire to link your academics with action as a Lang Scholar. This "expression of interest" form will let us know of your interest and allow us (Lang Center staff and Lang Scholars) to reach out and support you throughout the application process! Please submit this form no later than NOON (EST) on October 1.

If not LOS, then what?

10. HYPOTHETICAL: If there was a new program which would provide students with advising, education, training, and funding -- to offset educational and other costs PLUS grants for two summers of engagement (internship, research, or small scale projects), one in the US and one abroad, might you be interested?

While there would be key differences in terms of available funding between the LOS Program and a program like this, both would be cohort-based and carry multiyear support for those who wish to make a positive difference in the world.

If you apply to the LOS program and are not ultimately selected, you would automatically be entered into the applicant pool for this new program -- and, if selected -- then guaranteed summer funding for two summers during your time as a student at Swarthmore College.

Would you be interested in being considered for a grant program like this?

Mark only one oval.

- Yes
- No
- Maybe. I've got questions.
