

Swarthmore College Prospective Student Class Visitation List

Spring Semester 2020

Welcome to Swarthmore College!

We encourage visiting **students** to take part in the Swarthmore experience by sitting in to observe any of the available classes listed here.

Please arrive at least 5 minutes early in order to introduce yourself to the instructing faculty member. Confirm that it is a good day to visit (some professors may be planning a quiz or test) and, should you stay, please feel comfortable to participate as able. While in the class environment, please remember to refrain from talking or causing disruption and we ask that you silence devices that make sounds. **Please only attend classes if you can stay for the entire class time.**

Please contact the professor prior to visiting the course. To find a professor's email address, go to www.swarthmore.edu/directory. This will take you to the campus directory where you can search by professor's first and last name. Please verify the class date, time, location, and availability for a visit in your message.

Also, students interested in attending Dance classes should contact Pallabi Chakravorty (pchakra1@swarthmore.edu) and Susan Grossi (sgrossi1@swarthmore.edu) to confirm course details and to agree to an at-risk disclosure.

If you have any questions, please ask!
