Travel to the Belize Barrier Reef, one of the most diverse ecosystems in the world, on this 6-Day/5-Night voyage. Experience the vibrant sea, home to the largest coral reef in the northern hemisphere, just recently taken off UNESCO’s endangered list. Snorkel or dive on colorful reefs, and kayak or paddleboard over turquoise lagoons.

If you choose, extend your expedition three nights, and venture to the ancient Maya ruins of Tikal. See temples overgrown with tropical rain forest and explore the stories and archaeological sites of these stone ruins swathed in forest and teeming with wildlife.

DAY 1: GUATEMALA CITY/ PUERTO BARRIOS/ EMBARK
Arrive in Guatemala City and connect with our charter flight to Puerto Barrios. Transfer to Puerto Santo Tomás, where we’ll embark the National Geographic Quest. (D)

DAY 2: BELIZE BARRIER REEF, BELIZE
Awake anchored in the northern cayes of the Mesoamerican Reef System, second only to Australia’s Great Barrier Reef in terms of biodiversity. Enjoy a full day to further explore this dynamic ecosystem. Take to the water by kayak, or stand-up paddleboard, or don a mask and fins and dive into turquoise waters to encounter sea turtles, swirling schools of tropical fish, and harmless nurse sharks. For scuba divers, incredible dive opportunities abound (additional cost). (B, L, D)

DAY 3: BELIZE BARRIER REEF
Today, we explore more of the Belize Barrier Reef in the central cayes, with an opportunity to visit the Smithsonian-operated research station at Carrie Bow Caye. Here, we learn about the comprehensive studies being conducted on the reef ecosystem, including the biodiversity, evolution, and ecology of its organisms and communities, effectively ‘taking a pulse’ of the reef. The surrounding area offers outstanding snorkeling and diving, with vibrant corals and an incredible undersea diversity—a tropical paradise both above and below the surface of the Caribbean. (B, L, D)

DAY 4: COCKSCOMB BASIN WILDLIFE SANCTUARY
Spend the morning discovering the Cockscomb Basin Wildlife Sanctuary, the world’s first jaguar reserve. Join our naturalists for a hike along one of the reserve’s many nature trails to photograph tropical plants, scan the treetops for winged wonders, and spot the tracks of tapirs and jungle cats. Learn about ongoing research into the behaviors of Belize’s jaguars, then visit a Maya handicraft center. Tonight, an inter-
