

Full-Time Research Technician

The Chaudhuri Lab in the Immunology Program at Memorial Sloan Kettering Cancer Center in New York City invites applications for a research technician to join the lab following graduation. This research position is ideal for a highly motivated college graduate with a major in biology (or related discipline) who desires to obtain further research experience for 2-3 years before applying to graduate or medical school.

More information about our research can be found on our lab website at:

<https://www.mskcc.org/research/ski/labs/jayanta-chaudhuri>

Some minimum requirements for this position include: 1. Bachelors degree in biology (or related discipline); 2. Some lab experience (in cellular or molecular biology, PCR, flow cytometry, animal handling) is ideal but not required; 3. Strong organizational and communication skills; 4. Ability to work independently as well as in a team; 5. Motivation to learn new laboratory techniques; 6. A minimum of 2-year commitment is required. (Please do not apply if you only intend to take one year off before applying to grad/med school.)

To apply for a research tech position in our lab, please email your resume and academic transcript (unofficial is ok) directly to Dr. Jayanta Chaudhuri; chaudhuj@mskcc.org
