WHAT ABOUT INTERNSHIP AND RESEARCH OPPORTUNITIES?

Post-graduate plans of students that have completed internships during their time at Swarthmore:

127 responses 71% employed 21% graduate school 8% other

(Percentages based on seniors that interned and responded to the Class of 2016 senior survey).

Internship Opportunities for Math Majors:

- IBM
- Analysis Group
- Standard & Poor’s
- Boeing
- World Health Organization
- MIT Stem Summer Institute
- PwC
- ANZ
- Goldman Sachs
- Aquiline Capital Group
- NASA
- Credit Suisse

Thousands of internship and research opportunities at prominent employers including Google, IBM, NASA available on our career databases: SwatCareers, UCAN, & engIN.

Post-graduate plans of students that have researched during their time at Swarthmore:

82 responses 70% employed 20% graduate school 10% other

(Percentages based on all seniors that researched and responded to the Class of 2016 senior survey).

An additional source to consider for hundreds of internship and research opportunities for math majors is the American Math Society.

- AMS’s Internship Database: www.ams.org/programs/students/emp-internships
- AMS’s Research Database: www.ams.org/programs/students/emp-reu

How was your research experience valuable to you?

- “It made me realize I want to pursue a research career and helped prepare me for graduate school.”
- “Research at Swarthmore taught me how to approach difficult problems in collaboration with other scientists.”
- “It gave me a glimpse of what graduate school might be like.”
- “It made me realize I don’t want to go into research.”
WHAT CAN I DO WITH AN ENGLISH MAJOR?

Please Note: Students with multiple majors are represented in each major. For example, a double major in English and Biology will have responses included in both reports.

53% pursue employment

31% pursue graduate school

16% pursue other

(Percentages based on senior responses over the past five years).
