Colette Mull ‘84
St. Christopher’s Hospital for Children

Colette planned a week wherein the extern student shadowed her work as a pediatric emergency physician for three days; attended meetings with hospital colleagues for one day; and shadowed different physicians for one day thus creating a week balanced by a variety of experiences.

Department of Radiology

Friday

1700-0100  Shift in the Emergency Department with Colette

**SAMPLE SCHEDULE 2**

George Thoma ‘65  
National Library of Medicine

In addition to the schedule of talks, George also communicated to the students who would take them on tours, where they would sit and who was responsible to set them up with computers. Due to the nature of the work, the students could not work on a project but they were expected to submit a written summary of their experience at the end of the week.

Each talk was assigned to a staff member, whose names we’ve removed.
