* Though records for Rhodes Scholars go back to the 1920's, records for other awards are less comprehensive. The numbers presented here reflect awards for which the names of the student recipients are known. Records have been kept diligently since about the 1970's.

**Beginning with 1990, numbers reflect the official Fulbright count of those who accepted the Fulbright award.

***Honorable Mentions included since at least 2014.

****Formerly known as the Mellon Minority Undergraduate Fellowship

NOTE: These figures generally reflect the annual May memo to faculty regarding Fellowships & Prizes. Students may receive other awards than the ones listed here; contact Office of Fellowship & Prizes for more information.
