SOURCE: NSF Survey of Earned Doctorates; NCES Completions.

#### **NOTES**

The rate reflects the number of doctorates earned in the indicated field in the 10-year period by the institution's baccalaureate alumni, divided by the total number of baccalaureate degrees awarded in a lagged (by 9 years) 10-year period.

Rates are presented to two decimal places; however, ranks were determined using the full calculated figure.

Ranks based on rates less than .005% are not shown.

Institutions awarding fewer than 100 bachelor's degrees in the ten year period were excluded.

These tables were prepared using data directly from NCES (for baccalaureates awarded and National Center for Science and Engineering Statistics, Survey of Earned Doctorates (for bacc origins of doctoral recipients).

Please note that data from those systems were only spot checked. Please notify us if you discover any problems.

To learn more about the National Science Foundation's Survey of Earned Doctorates, go <a href="https://www.nsf.gov/statistics/srvydoctorates/">https://www.nsf.gov/statistics/srvydoctorates/</a>

Aggregations used to determine major fields of study may be found in Table A-6 here: <a href="https://ncses.nsf.gov/pubs/nsf22300/technical-notes">https://ncses.nsf.gov/pubs/nsf22300/technical-notes</a>
