NOTES:

Complete data reflecting students studying abroad are not available prior to Fall 1995.

Averages are based on most recent 5 years (which includes the COVID impacted year).

In the 6th and 7th years, an average of 1.1% and 0.2%, respectively, of the cohorts are still enrolled.

Highlighted diagonal reflects year in which COVID impacted enrollments; during this time, "on campus" indicates that students are studying on campus or taking Swarthmore classes remotely.
