Math/Stats Courses and Prerequisites

For entertainment purposes only—for official and up-to-date course listings and prerequisite requirements, see the Swarthmore Math/Stats department courses page!

If you find any errors, please email amille11@swarthmore.edu

This document doesn’t include cross-listed classes with prereqs outside math/stats.

In general, Math 33 plus Math 27/28 qualifies one for the same things as Math 34/35**
