

## Application Worksheet for a Neuroscience Major 20XX

(Supplement to Sophomore Plan.)

You are not locked into the plan you propose here and online, but your plan needs to be complete. If you are asked to make revisions to your submitted plan, you must resubmit this form and redo the online form.

Name:

Class Year: 20XX

Status in the Major:

- Neuroscience Course Major
- Neuroscience Honors Major (include courses for your honors preps in the Electives list below)

### Entry Requirements.

<p><i>You may apply to the major even if these requirements are not completed! You will simply be deferred until they are complete.</i></p> <p>Two credits from this list, taken at Swarthmore, will count towards the major.</p>	Course	Semester (taken or planned)	Credits (already taken)
	1. BIOL 001		
	2. BIOL 002		
	3. MATH 015		
	4. STAT 011		
	5. CHEM 010		
	6. CHEM 022		
	7. PSYC 001		
	8. PSYC 025		

**Electives.** List 8 credits (+0 or +1 for honors). At least 5 credits must be from Group A including: (1) at least one foundation course (BIOL 022 or PSYC 030), (2) at least one course from Biology and one from Psychology, and (3) at least one Group A seminar. The remaining 3 credits must include the comprehensive requirement (normally 1 or 2 credits) or be from Group A or B.

Group	Courses Planned or Completed	Semester	Credits (earned)	Comments
A. Foundation				
A. Seminar				
A.

A.				
A or B.				
A or B.				
Comprehensive				

### Final Checklist for Major Proposal:

- My electives include 8 credits, including a foundation course and at least 5 Group A credits.
- My program includes a Group A seminar.
- I have plans to complete distribution requirements, writing requirements, and PE
- I have checked to make sure which semester that the courses I need are offered (see next page)
- If I am applying for Honors I have filled out the honors application form.

**Visual Plan for Completing the Neuroscience Major over next 4 semesters**

Presentation in this format will make readily evident to both of us what you are planning to take each semester. Include ALL remaining courses (not just those for Neuroscience) and you can indicate alternative courses that you may be considering.
