

Swarthmore College Hazing Biannual Report August 2026

Swarthmore College prohibits any form of hazing, whether the activities occur on or off property owned or operated by the College. Additionally, the College supports and enforces the Stop Campus Hazing Federal Law and the [Commonwealth of Pennsylvania's Timothy J. Piazza Anti-hazing Law, Act 80 of 2018](#). Failure to notify the College of an incident of hazing may be a violation of this policy. Students and all College employees are expected to report all instances of Hazing to the College.

The College's Anti-Hazing Policy applies to all students, faculty, and staff, including student organizations, and other persons associated with a student organization (coaches, advisors, alumni, or others in different roles) through which they may have occasion to allow, facilitate, or disregard acts of Hazing, Aggravated Hazing, or Organizational Hazing.

Hazing includes, but is not limited to, any behavior and/or acts of servitude that is designed or intended to humiliate, degrade, embarrass, harass, or ridicule an individual, or that which a reasonable person would deem harmful or potentially harmful to an individual's physical, emotional, or psychological well-being, as an actual or perceived condition of new or continued affiliation with any organization, and/or team. Hazing also includes knowingly or recklessly engaging in such behavior and/or acts.

Engagement in any of these behaviors, regardless of the intent to cause harm or the willingness of an individual to participate in such activity, for the purpose of initiation, admission, or continued affiliation and/or membership, is a violation of this policy.
