

## Swarthmore College Student Health Portal

Swarthmore College Student Health Portal is available for managing your on-campus health needs and forms. You can access your Student Health Portal through your mySwarthmore account. From this portal you can securely access New Student Health forms, manage your immunization data, complete the Student Health Insurance Plan (SHIP) waiver.

Visit your mySwarthmore account today to access your Student Health Portal

- Upload your immunization records
- Print health center visit statements
- Update your health insurance information
- Receive secure messages regarding your care

### Secure Communication

Health Services uses secure messaging as a tool for communicating with you about personal health information, as it is more secure than email. This communication tool is not to be used in urgent situations.

When a secure message is sent, you will receive an email to your Swarthmore email account from [NoReply@medicat.com](mailto:NoReply@medicat.com) with the subject line "New Message".

The secure message notification will read "You have a new secure message from Swarthmore Student Health. Please log into your student health patient portal to view this message."

The secure message becomes a permanent part of your medical record. Please review these messages and do not block them in your spam folder. If at any time you have a concern regarding the validity of the message, please call us at 610-328-8058.

**Passwords are an important aspect of maintaining privacy.** Sharing your mySwarthmore password allows access to confidential health information in your student health portal. Sharing of passwords is not advised.

Students can access secure messaging by logging into mySwarthmore
