Signed: ___________________________________________ Date: __________

Exemptions to Immunizations

An outbreak of a vaccine preventable communicable illness in a communal setting may put an unvaccinated person at higher risk for contracting that illness. In the event of a vaccine preventable illness outbreak, the Pennsylvania Department of Health may make recommendations including, but not limited to, exclusion of non-vaccinated student from campus based on illness outbreak, student vaccine status and immunity history.

Student name printed: _________________________ Date of Birth: __________

Student signature: ______________________________ Date: ______________

(If under 18, signature of parent/guardian is required): ______________________________
