

17 September 2008

Attendance: Carr Everbach, Mike Roswell, Nicholas Buttino (secretary), Kelsey Hatzel, Ralph Thayer, Kay Fairs, Nadine Kolowrat, Joy Charlton.

Next meeting to take place at Lang center to start view of Lang center as environmental center.

Scheduling likely to occur on Monday's at 4 and/or Wednesday at 3:30.

1-2 people excluded on each time slot, proposal to alternate times

How often should we meet?

Every other week as model, not a large time constraint.

What goals do we want to accomplish by December?

Our goal is to give small recommendations (no faculty positions, etc.)

We can spend up to about \$25,000, but only if idea is powerful

We must be able to show the benefits to such a large proposal

Must be "Visible, Measurable, and Defensible" (Carr)

What can do we have, or what can we get, in terms of baseline data?

Ideas for Lang Center Professorship Grant

American Independent College and University in PA (AICUP)

Source of local professors

1-3 Years, not just 1 semester

1 Course per semester, must be offered by a department

Names can stay on the Lang center list for many years

Monitoring systems (cost \$2,000-5,000) per dorm

Potential to monitor and present information to dorms

Wind-power (Haverford at %100 wind, we are at %40)

Haverford hiring 3 positions in environmental studies from Mellon Grant

How much would it cost to go to %100 wind.

Premium for wind power

Main goal of Earthlust for this year

How much co-operation should we have student groups?

Earthlust

Environmental Justice

Green Advisors

Students of CWSC

Lang Intern Position (student)

Focus on organizing student group

5-10 hours/per week (paid by hour)

Much computer based work

Blain O'Neil and Jean Dahlquist?

Suggestions box for suggestions (Green Box)

Shane lounge physical box

Email (similar to workbox)

Web-site development

Creation of Sustainability as HUB

Linking student groups to page

Support from Lang Center Intern to build website as tech intern job?

Can we pay students to shut windows, lights, pick through garbage

Makes point, can only do as a short term

When is next meeting?

Wednesday, September 24. 3:30-4:30 in Lang Center (either seminar or Keith Room)

Apologies to Prof. Bayer
