

Draft Sustainability and Climate Executive Committee Charge Swarthmore College - September 2016

SCEC will consider the recommendations presented by the Sustainability Committee, the Carbon Charge Committee, and the Crum Woods Stewardship Committee, and take action based on those recommendations. When proposals exceed the purview of the SCEC, it will make recommendations to the President's staff.

Responsibilities:

- Consider the recommendations presented by and review decisions of the Sustainability Committee, Carbon Charge Committee, and Crum Woods Stewardship Committee.
- For recommendations that the Sustainability and Climate Executive Committee feels confident lie within its purview, it should take action and notify the President's Staff of the decisions made.
- When broader consultation is desirable, SCEC will bring items to the attention of the President's Staff. This includes recommendations regarding new policies, budgetary proposals, or any other recommendations that require cross-campus agreement and/or senior staff approval.

Membership

- Vice President for Finance and Administration
- Vice President of Facilities
- Special Assistant to the President
- Director of Sustainability
- Director of Maintenance
- Provost
- Dean of Students
- If not already represented by another member of SCEC:
 - Chair or Delegate from the Sustainability Committee
 - Chair or Delegate from the Carbon Charge Committee
 - Chair or Delegate from Crum Woods Stewardship Committee
- Faculty appointed by COFP
- Student appointed by SGO
- At-Large representation may be appointed at the discretion of SCEC members
